

Log In / register

Go to the login page:

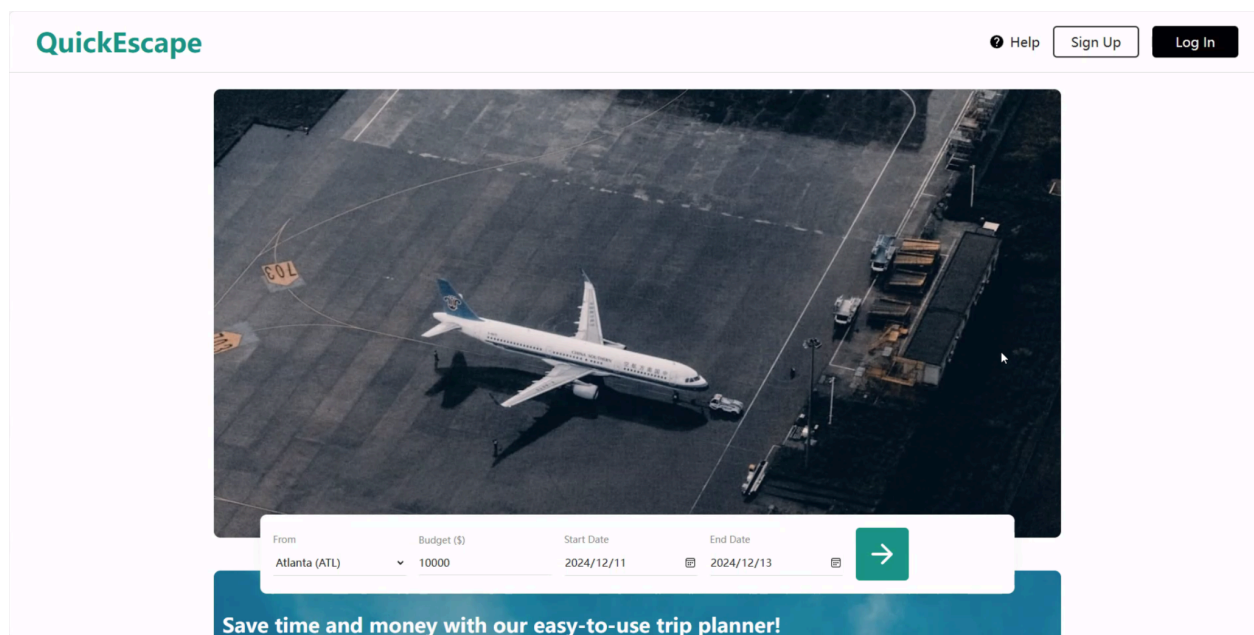

For existing user, enter your registered username and password; for new user, please use register to create a new account with your choice of username and password.

Search for Travel Options

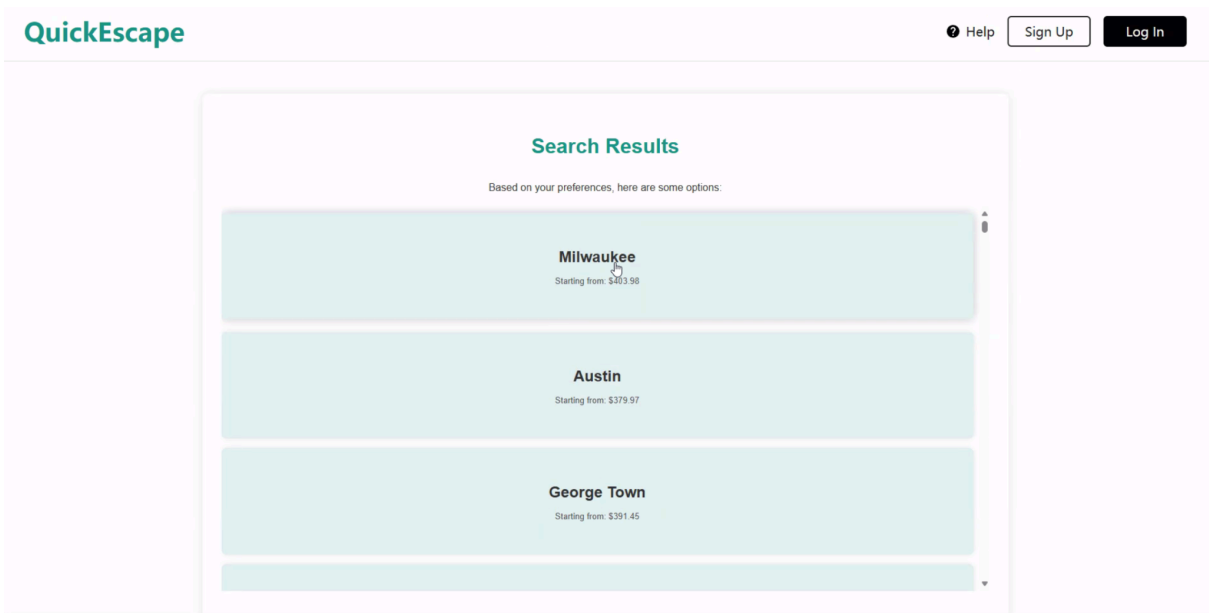

After logging in, you will be redirected to the home page:

Enter travel criteria such as budget, kinds of resort, start date, and end date, then submit the form; please fill in all criteria, otherwise no results will be shown. In the result page, view a list of results with flights and hotels matching your criteria. In order to use the search, you must login.

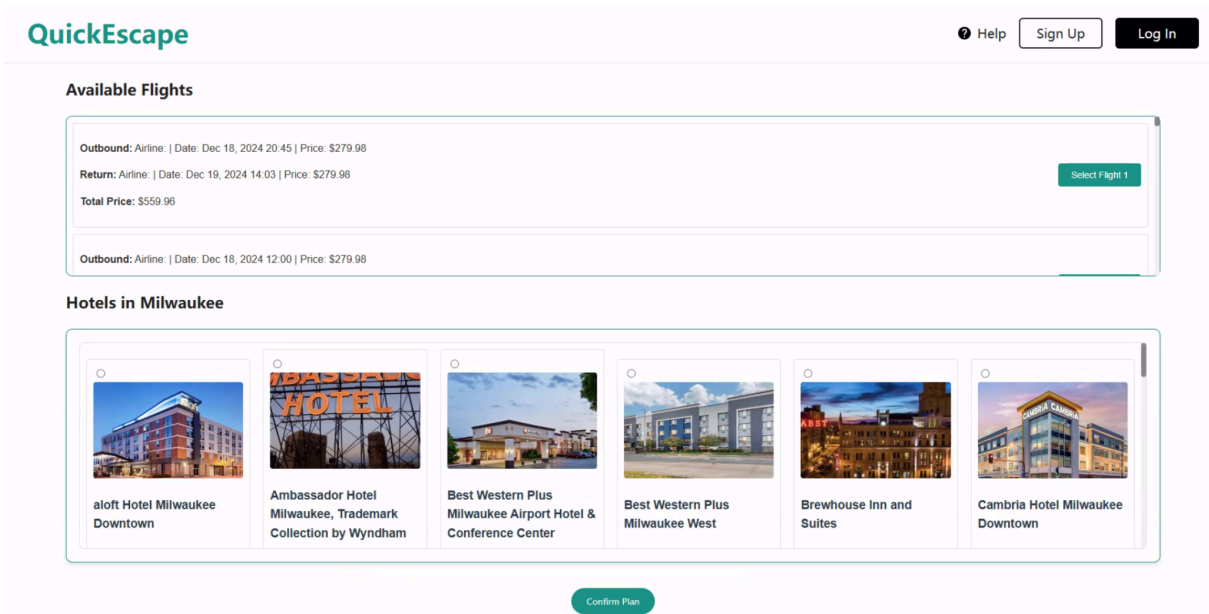

View Detailed Trip Plan

Basing on criteria, the website will present a list. From the results page, select a destination and view details.

The plan page will display available flights and hotels. After selecting flights and hotels, click confirm plan, and it will generate a summary of the price.

After seeing the summary, use “share trip” the copy a screenshot to your clipboard to share with others:
